# ABOUT ACADEMIC PLANNER

Man has always made use of Calendar in order to live his life in a very systematic manner. A calendar helps us to plan our days, coming events and our life in an organized manner. We at Vibrant call it as Academic Planner". Academic Planner encompasses all the academic as well as non academic events of the academy. The main idea behind designing the academic planner is to make the Students and Parents aware about the planning and activities the school will conduct during the entire year To honour the valuable contributions of Sureela Bharat in different fields, this year we are celebrating as Sureela Bharat Year-2016-17 so the layout of the planner has been designed accordingly. Academic Planner is helpful to Parents. Students and Teachers in following ways:

## PARENTS

- ◆ Parents will be having a clear idea about the events, activities, holidays, celebrations etc. of the academy .
- ◆ Parents can plan their social gathering/functions/outings etc. according to the academic planner to avoid absenteeism of students.
- ◆ Parents can prepare their children for examination, activities and other events which are conducted in the academy during the whole year.

## STUDENTS

- ◆ Students can make their academic schedule according to the planner.
- ◆ Students can prepare in advance for performing their best in Scholastic as well as Co-Scholastic areas
- ◆ Students can acquaint knowledge about famous personality's birthdays or birth/death anniversaries, days which are celebrated all over the world and many more facts

## TEACHERS

- ◆ Teachers can make preparation in advance for the academic and non academic events of the academy.
- ◆ Teachers can complete the syllabus in time so that enough time is left for revision.
- ◆ Teachers can prepare in advance about the events, activities and celebrations.

**Note: Management reserves right to change the schedule under unavoidable circumstances**
